

**ONE MAN SHOOT SPORTING CLAYS FUNDRAISER**  
**“One Man Can Make A Difference”**

March 13, 2020

Dear One Man Shoot Supporters:

As information surrounding the COVID-19 virus continues to rapidly evolve, our organization and its volunteers have always kept safety as one of our highest priorities. Based on the latest and best information available, we have no choice except to postpone the 9<sup>th</sup> Annual One Man Shoot that had been scheduled for March 28, 2020.

Obviously, we do not have enough information about the future of this matter to select a new date at this time. But we will monitor the situation and use information from government and health officials to reschedule the event at an appropriate time. Along with the schedule change, we will also learn more about the best practices for holding an event like ours and implement any policies or procedures that are necessary and prudent.

A large group of loyal and dedicated supporters have already made commitments to make the 2020 One Man Shoot a huge success in the fight against Prostate Cancer. In the coming days, we will develop a plan to acknowledge the contributions already received and confirm the status of those donations as they relate to the support of the rescheduled One Man Shoot.

As we move forward, we are strongly committed to see that the event will be able to proceed, at a point when it can be done safely and responsibly. Please continue to monitor our website, [www.onemanshoot.com](http://www.onemanshoot.com) as well as our Facebook page for updates and further information.

Thank you for your patience and understanding as we work through this together.

Your Friends at the One Man Shoot
