

# ONE MAN SHOOT

## SPORTING CLAYS FUNDRAISER *benefitting* PROSTATE CANCER RESEARCH

Hosted by X-Ing Cancer, Inc. in memory of Connie Mack Boykin

The 11th Annual One Man Shoot will be held on Saturday, March 21, 2026

**NEW LOCATION:** Covey Rise Lodge | 24009 Singing Waterfall Rd | Husser, LA 70442

### ABOUT THE EVENT

The One Man Shoot is a sporting clays competition for four-person teams that will raise funds for Dr. Oliver Sartor's **Transformational Prostate Cancer Research Center** along with a Baton Rouge non-profit organization engaged in the fight against the disease.

Each participant in the clays competition will receive an event shirt and shells, along with great food, drinks and entertainment. Additional guests may attend the festivities for a donation of \$25 per person.

The event will also include **FREE ON SITE PSA TESTING**, gun boards, wine toss, door prizes, raffles, and live and silent auctions.

Multiple team awards will be presented in each of two classes, along with high individual shooter awards (HOA)

The One Man Shoot was founded by and is held annually in the memory of Connie Mack Boykin.

Visit **OneManShoot.com** for a full event schedule.

### *Dr. Oliver Sartor's Team is Making a Difference*

It is our belief that one man can make a difference when it comes to fighting prostate cancer. Whether you are the doctor, patient, relative, or friend – you can make a difference.

Oliver Sartor, M.D., is one man making a difference. Proceeds from the One Man Shoot Sporting Clays Fundraiser will be donated to **Dr. Oliver Sartor's Transformational Prostate Cancer Research Center**.

Dr. Sartor is one of the few medical oncologists in the world specializing in prostate cancer. He leads an internationally renowned research and treatment program. Plus his team treats patients from 26 other states and seven countries outside the U.S. He has also played a role in the development of several of the most recently approved drugs for advanced disease.

*That is why Dr. Sartor's team is an ideal beneficiary of funding specifically targeted at prostate cancer research.*

### HOW YOU CAN HELP
